Q16 Summary - 'What do you as parents like most about the school?'

There were 11 responses to this question (out of 44 completed surveys). 3 comments praised the variety of extra-curricular clubs/ activities. The remainder were a variety of highly positive comments on the approachability of staff and the happy, community environment of the school.

Q17 Summary – 'What areas do you feel the school could improve?'

There were 10 responses to this question with no real recurring themes within them. 2 comments were that there was nothing that could improve at the moment.

Overall Summary

From the survey responses, it is pleasing to report that the overwhelming majority of year 8 parents/ carers report that their child feels happy & safe at school, that they are well looked after, are being taught well and are making good progress etc. Within Q13, there were 4 comments (out of 12 responses) about the amount of and type of homework set and this will be looked into by the school in due course. The 4 concerns that were raised should also be balanced by the 44 respondents to the survey who felt that the homework their child receives was appropriate for their age (Q6 – 82%).

From question 8, 7% of parents felt the school could deal with bullying more effectively (53% felt it was dealt with effectively). However, when considering these statistics, it should also be noted that 40% of parents did not know whether the school dealt effectively with bullying which is highly possibly due to the fact that the majority of children do not experience bullying at school and therefore do not have it 'dealt with'. On the supplementary questions on bullying (Q17 to 21), 10 parents (out of 54) reported that their child had received some kind of bullying in the last 12 months, the majority of cases being verbal bullying. However, more than 10 survey respondents (i.e. more than those who said their child had been bullied) responded to Qs 18 & 19 and this suggests that some respondents to these questions may, in fact, not have been the bullied. Similarly, 98%/ 96% of parents feel their child is happy/ safe at school which again, one would hope is a reflection on the relatively small amount of bullying which takes place in school. Nevertheless, the school realises that there is still work to do on both preventing and dealing with bullying effectively and is currently in the midst of reviewing it's policies and procedures on the matter and an update will be provided to all parents later in the school year.

Many thanks to those parents/ carers who took the time to complete the survey. Your feedback is very important to us and helps us regularly review our practice and procedures at QEII so we can provide the best educational experience for the children in our care.
