## Overall Summary

From the 41 survey responses, it is pleasing to report that all respondents noted their child/ward feels safe in school. Over 85% of parents noted their child is taught well, makes good progress, is happy and well looked after at school and receives the correct wellbeing advice and support. Communication is noted as exceptionally positive. The vast majority of parents said they were

aware of their child's current working grades and the school responds well to concerns raised. However, we appreciate that we can never afford to become complacent and the school will continue to monitor issues such as wellbeing and support through our internal quality assurance procedures and review policy as appropriate during the year.

Students being well behaved and studying without distraction was a concern for 8 parents. With this in mind the schools' behaviour policy is followed by staff and pupils are aware of sanctions and rewards in place.

Many thanks to those parents/carers who took the time to complete the survey. Your feedback is very important to us and helps us regularly review our practice and procedures at QEII so we can provide the best educational experience for the children in our care.
