Answered: 40 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	67.50%	27
No	32.50%	13
TOTAL		40

Q20 What do you as parents like most about the school?

Of the 8 parents who responded to this question, varied responses were given. Parents commented on the approachable teachers, the excellent balance of academic and social curriculum and the welcoming environment the school offers. The level of communication and the variety of clubs available was thought to be a strength too.

Q21 Is there anything you think we could do to improve the school?

3 parents commented on this question. The need for facilities to be updated, a receipt of emails sent and better general communication were noted. In response to these comments, the STEM Block is in the 'planning stage' and once built will offer a modern science and technology block. With regards to responses to emails, an automated system of responding to parents informing school their child is ill, is being looked into. At present we do not respond to these emails. Communication is via the student, email, the school website and social media. Parents can be notified by text should they wish this to be a method of communication.

Q22 Any further comments

2 parents noted their children were very happy at QEII High School.

Overall Summary

From the 40 survey responses, it is pleasing to report that 90% and above of year 8 parents/carers report their child feels happy & safe at school, makes good progress, are taught well and are well looked after. The vast majority noted their child receives appropriate amounts of homework and that the school is well led and managed and would recommend it to another parent. Communication was raised as a positive from parents/carers, as the majority thought the school responds well to concerns raised and that they receive valuable information from school about their child's progress.

70% of parents knew their child's attendance data. The Key Stage 3 team have been notified of this and as a result they will run weekly attendance reports and send to tutors to discuss with their tutees.

10 respondents noted their child had been a victim of bullying, of which all bar 3 parents confirmed the bullying had been dealt with effectively. However, it must be noted that the school takes bullying very seriously. The pastoral and PSHE schemes of work have been re-written and incorporate anti-bullying. Year 8 addressed bullying during Anti-Bullying Week, in order to raise awareness of strategies to tackle it.

We appreciate that we can never afford to become complacent and the school will continue to monitor issues through our internal quality assurance procedures.

Many thanks to those parents/carers who took the time to complete the survey. Your feedback is very important to us and helps us regularly review our practice and procedures at QEII so we can provide the best educational experience for the children in our care.
