Dear Parents/Carers,

On behalf of all the staff at Queen Elizabeth II High School I would like to extend a very warm welcome to you and your child. It has been a pleasure to meet many Year 6 students and families at events earlier in the year, such as; Transition Days, The Roadshow and Open Evening.

We hope that you find the enclosed information useful in preparing for the start of the academic year.

When your child joins Queen Elizabeth II High School, we will provide a dynamic, challenging and engaging learning environment to allow the learning of a wide range of skills and knowledge. We know that with excellent teaching, a supportive curricular structure and high quality pastoral care, your child can develop emotionally, socially and academically so that they can continue to thrive and lead a balanced life beyond school, as adults, capable of contributing positively to their community.

We aim to ensure that our students are happy, ambitious and confident. We recognise the importance of developing a positive home-school partnership in supporting children to achieve well and to enjoy their education. The most important thing that you can give your child and the school is your support.

Students are placed in a tutor group led by a dedicated member of staff who will usually then be the key member of staff through their education for the next five years. Every tutor is keen to ensure that their students settle and are happy in their new environment. The tutor will be the first port of call for any concerns that students or parents/carers have.

Students are at the heart of all decisions made at QEII High School and we encourage them to '*strive to do their utmost*', as our school motto suggests and to face challenges within and outside of school with courage, aspiration, respect and endeavour. These are referred to as our CARE values.

We look forward to a long, happy and successful partnership with you and your child.

Yours faithfully

Mrs C Clarke
Headteacher

If parents have a religious reason for wishing to withdraw their child from this part of the assembly, they should contact the School in writing.

HOUSES

- **Shirragh (Red)**
- **Threshlyn(Blue)**
- **Foillan (Yellow)**
- **Caaig (Green)**

The Houses will take part in competitions over a range of activities. This gives students an opportunity to represent his or her House in a team or other group.

Lunchtime & Break

MEAL OPTIONS

The School operates the cafeteria in the School's dining room using a cashless system. Students are issued with a lunch card which can be loaded with funds using ParentPay (an online system) or by using the Cash Loaders in the Entrance Hall. It is possible to get an excellent meal at a very reasonable cost indeed and we would be grateful if parents would impress upon their children the wisdom of rationing their dinner allowance so that it lasts the whole week. Packed lunches may be brought to School but they must be eaten in the dining room. A rota system operates to minimise queuing for meals and to manage the numbers in the dining room.

Students in Years 7 - 9 will normally stay in School for lunch unless parents make a special agreement with the School. Older students may be issued with a lunch pass, with parental agreement. In all cases, where students are off site at lunchtime, they are the responsibility of the parents not the School. Students going home for lunch are expected to spend the whole lunchtime out of school and supervised by an adult. They must return by 1.30pm.

EXTRA CURRICULAR ACTIVITIES

All students are encouraged to join one of the many lunchtime clubs, details of which will be published in the first few weeks of the new academic year. There is also a wide variety of activities taking place after school hours. In these cases we expect the students will inform their parent of late arrival home.

THE LIBRARY

The Library is a multi-media centre with a wide variety of books, study aids and photocopiable resources. Students are taught and actively encouraged to use its facilities for loan, private reading, research and study. It offers access to computers, printing, and the internet. Open at pre-arranged times throughout the day, including before and after school. The Library is available to all members of the School community, a number of whom enjoy participating in its day to day running.

Curriculum & Equipment

THE CURRICULUM

Each student will receive a timetable recording the subject, teacher and room for each period of each day. Each child will be placed in a specific set according to their ability or in a mixed ability group depending on departmental policy.

A curriculum map will be published on our website, early in each academic year. This outlines the content and assessments for each of the subjects taught in that year group.

BASIC EQUIPMENT

Each student should have:

- a pen
- a pencil
- a ruler
- a pencil sharpener
- an eraser
- specialised equipment will also be required, for example mathematical instruments, (e.g. scientific calculator), coloured pencils or felts etc.
- students are recommended to have a pocket English Dictionary
- it is very important that students have a suitable bag in which to carry books and kit

STUDENT PLANNER

Each student will be provided with a school planner in which the weekly homework timetable and daily homework will be entered. The school planner can provide a valuable link between School and home, but it does require each student to use it properly.

Students should carry their planners to all lessons and take them home each day. The planners are quite expensive and if lost will have to be paid for. Parents and Form Tutors are expected to sign the planner each week.

VALUABLES & MOBILE PHONES

The School does not take responsibility for any valuable items which students choose to bring to School. Mobile phones and other devices which have Wi-Fi capability may be used only before and after the school day. They should not be visible in school from 08:45 until 15:15 unless specifically under the direction of a teacher.

The School will confiscate items which are misused. All students must abide by the Acceptable Use Policy which is issued in September and can be found on our website.

School Uniform

A high standard of personal appearance is expected of all students at Queen Elizabeth II High School. Any student arriving at school in non-uniform clothing will either be provided with uniform if it is available or asked to go home to get changed into their uniform.

INCORRECT / MISSING PE

Students who fail to bring the correct PE/Dance kit will, in the first instance, be given a reminder in their planner; on the second occasion they will be given a break time detention and another reminder sent home; on the third occasion the student will be given a subject detention at lunchtime. This process will run over a half term cycle and will start again for all students at the start of each half term.

If any student has difficulty with kit or it cannot be provided for them that week, bringing in incorrect kit with a note explaining the issue is fine and will not be classed as an incorrect kit. If a student requires spare kit this can also be provided. All spare kit is clean when handed to students at the school and is washed by PE staff after it is used.

MEDICAL ABSENCE IN PE

Students are expected to bring PE/Dance kit to every lesson. If a student is unfit to participate in a PE/Dance lesson, they are still expected to bring and change into PE/Dance kit. However, a note from their parent/carer will allow them to participate in an appropriate role, such as; coach, scorer, umpire/referee, choreographer or peer evaluator. Students failing to bring a note will be expected to participate fully in a lesson. The only occasions on which students will be excused participation in lessons are situations where movement is heavily restricted such as a student in plaster with a broken limb. In this instance students will usually remain inside with a PE related task, although they should bring some warm clothing as they may be required to be outside for the lesson.

If a student is injured and cannot participate for longer than three weeks they should seek medical advice and bring in a note from that medical professional. For serious long term injuries parents are expected to seek medical advice before returning to practical physical education activities at school.

Any student who is excused from physical education for medical reasons should not be participating in physical activities during break or lunchtime as this could prolong, or make the injury worse.

Students' medical notes will be retained, scanned and attached to the student's register notes. Physical notes will all be disposed of securely once this has been done.
